

Musica Viva In Schools (MVIS) – Primary School Residency Program

COVID-19 Risk Management Plan NSW as at 14 October 2020

Program description: Regular classroom music lessons for primary school students.

The safety of MVIS artists, school students and teachers is of paramount importance at all times and never more so than during this COVID-19 pandemic. Careful planning and consideration has been given to how and when MVIS staff and teaching artists may conduct live lessons in schools without the risk of COVID-19 transmission.

The MVIS COVID-19 Risk Management Plan considers NSW Government guidelines for in-school activities as announced on 8 October 2020. The Plan focusses on ensuring the highest levels of hygiene practices and processes, as well as ensuring sufficient distance and eliminating direct or indirect contact between teaching artists and classroom participants.

For MVIS teaching artists:

- MVIS teaching artists must contact an MVA representative immediately if they are experiencing any COVID-19 or flu symptoms such as fever, coughing, a sore throat and shortness of breath and must not attend a school until symptoms are clarified as not related to COVID-19 or medical clearance is obtained.
- MVIS teaching artists to use hand sanitiser provided or wash hands with soap when entering and exiting the school venue.
- MVIS teaching artists to avoid shaking hands with school staff, students, teachers, support staff, participants or audience members at any time at school.
- MVIS teaching artists to wipe down all instruments and equipment between lessons with detergent and/or disinfectant as deemed appropriate for the instrument and equipment.
- All instruments and equipment to remain in the classroom between school visits.
- MVIS artists to maintain social distancing minimum of 1.5m where possible from each other, students, teachers, support staff, participants and audience members.
- School students, teachers and support staff to adhere to Department of Education guidelines regarding social distancing.
- For students with diverse access needs, additional precautions in line with school policy and Department of Education guidelines will be adhered to. This may include the wearing of a face shield or other protective clothing.

- Students should stay in class groups for all singing activities and maintain 1.5m distance between each student and 5 meters distance from anyone not singing. All singing activity should happen in well ventilated indoor area or outdoors.
- Non-reeded ww instruments such as flutes or recorders should be positioned so that they maintain a distance of 1.5m from all people including other members of the class/group. They must also maintain a distance of 3m space between the direction of airflow from their instrument and other people. The above activity should occur in well ventilated indoor areas or outdoors.

For Schools:

- The school has implemented the Department of Education's Covid Safe recommendations and shared their school specific policy where applicable with MVIS teaching artists.
- The school has implemented the Department of Education's enhanced cleaning and hygiene practices.
- The classroom teachers assist MVIS teaching artists to maintain social distancing as is possible.
- Where possible, Residency performances on school site should be held in an undercover outside area.
- For indoor lessons and performances, air flow should be increased where possible by opening windows/doors.
- Related resources are being provided digitally so that there is no sharing of paper resources required. Any music books are to be wiped down between classes.
- All instruments, equipment and books to remain in the classroom between school visits. No wind or brass instruments will be played in-school.
- Before entering the classroom space, a School representative should remind the participants of social distancing requirements and hygiene practices such as sneezing or coughing into elbow and cleaning hands.
- For students with diverse access needs, additional precautions in line with school policy and Department of Education guidelines will be adhered too. This may include the wearing of a face shield or other protective clothing.

Online Professional Development

- All Professional Development (PD) will be delivered online.

These guidelines are intended to comply with the Australian Government and World Health Organisation's advice on social distancing and hygiene, find out more [here](#).

These guidelines also consider the NSW Government guidelines announced by the Department of Health, find out more [here](#) and Department of Education 8 October 2020, find out more [here](#).

This plan will be reviewed regularly and adjusted in line with government and health authority advice.
